GOVERNMENT FOR HAWAII

WILL BE A TERRITORY NEXT FOURTH OF JULY.

Franchise Extended to All but Chinese and Japanese—Semi-Public Sessions Held by the Commission.

NEW YORK, November 29.—A special to the Sun from Washington says: Hawaii will become a full fledged territory of the United States on July 4, 1899, if Congress follows the recommendation of the legislative commission. The congressional members of that body, Senators Cullum and Morgan and Representative Hitt, with Justice Frear of the Hawaiian supreme court, who, with President Dole, represented the islands on the commission, have been meeting in a semi-formal manner at the capitol, putting the finishing touches upon their report. Their conclusions will be embodied in a bill establishing a territorial form of government for the islands, with a delegate in Congress, a local legislature and other features of a territorial organization such as have pertained to those in the United States.

The laws of this country generally will apply to the new territory, but there may be an exception so far as the navigation laws apply to coastwise traffic, and be restricted to American and Hawaiian ships.

The suffrage franchise will not be extended to the Japanese and Chinese contract laborers on the islands, but Portuguese who declare their intention of becoming citizens will be permitted, with other citizens, to vote for members of the Legislature. The settlement of the date upon which the laws should go into effect was one of the difficult things the commissioners had to decide. Great pressure was brought to bear upon the members while in Honolulu and since their return home, first to make many exceptions in applying the laws of the United States to the islands, and later to postpone the date, some arguing for a year or more of inaction. But the commissioners believed it was neither necessary nor expedient to delay unduly the date, and, acting upon the assumption that their bill will become a law before Congress adjourns in March, they decided that there would be great appropriateness in Hawaii celebrating the anniversary of the establishment of the nation by becoming part of it.

MOANA ARRIVES.

Brings 121 Passengers and Much Freight for Honolulu.

The Oceanic Steamship Company's S. S. Moana, M. Carey master, arrived in port soon after 8 o'clock this morning. She was one day behind her regular schedule on account of the delay to the British mails by storms on the Atlantic and the blizzards in the east. The voyage was made in about six days and ten hours. Good weather was experienced and it was uneventful.

The Moana brought 121 passengers for Honolulu, 52 cabin and 69 steerage. Including through she carried just 200 passengers. There were eight stowaways.

The Moana sails this afternoon at 5 o'clock.

TO HAVE RUSSIAN QUAKERS

PROPOSITION FOR LABORERS COMES FROM ENGLAND.

Planters Considering It Favorably—Colony of 7,000 Souls—A Religious Sect.

At a meeting of the Planters' Association held this morning an interesting and important labor proposition was read and discussed. It came from a society in England, and the laborers offered compose a colony of a religious sect resembling Quakers, natives of Russia.

The colony, of which 7,000 men, women and children are available for service in Hawaii, have been practically hunted to earth by the Russian authorities for years. An important clause in their religious creed forbids taking life for any reason whatever. This unites them for duty as soldiers and the Russian government has been unable to induce any of them to bear arms. Naturally they were in consequence suspected as opponents of the government and have been persecuted.

The society which addresses the local people was formed in England for the express purpose of taking the Quakers away from Russia and giving them a start in some other country. A colony sent to Cyprus did not succeed. The society wonders if Hawaii would not be a better place for them. It is stated that there is now \$25,000 on hand to aid the colony of 7,000 souls in reaching a desirable haven.

While no action was taken today the proposition was thought well of, and there is every prospect that it will be followed up. From reports it is quite evident that the people will be very desirable laborers and citizens.

PROFESSOR KOEBELE.

Returns Today With a Big Bundle of Blight Destroyers.

Professor A. Koebele, government entomologist, returned by the Moana this morning from a long trip through Mexico, Texas and various other states in quest of pest destroyers for the islands. He comes directly from his old home in Alameda, at which place he received the summons from the bureau of agriculture to return at once. Prior to that he was in Washington and visited several scientific men in New York.

The professor brings back with him a lot of parasites to prey upon the cotton worm and the horn fly. He believes that both will be found efficacious and will result in greatly reducing if not exterminating these pests. He also found in Texas a shell which will destroy the blight, and has arranged for a quantity to be brought here.

Today Professor Koebele is looking around and getting into the details of his office again. It will be remembered that he was summoned home to look into a blight that had appeared on the coffee trees of Oahu. He will get around to this matter, perhaps tomorrow.

OFFICIAL INVESTIGATION.

Major Marshal Wood, U. S. A., arrived by the Moana this morning. He is chief surgeon of the Department of the Columbia and has been for some years stationed at Idaho. His mission is to investigate the cause of camp diseases and to report. It is more than possible that Major Wood will be stationed at Honolulu indefinitely.

RETURNING KAMAHAIS.

Among arrivals by the Moana were Cecil Brown, and wife and James Campbell who have been to California on a business trip. C. H. Clapp has returned from a pleasure trip east. J. F. Clay, who was summoned on account of the sickness of his wife, returns, reporting her much improved in health. Mrs. H. M. Mott-Smith and child joins her husband, the artist. Among other kamaiais who have fled from northern skies to this sunny clime are Bruce Cartwright, Mrs. C. M. Cooke, Miss McHenry, R. S. Scott, G. E. Thrum and Alexander Young and wife.

ARMSTRONG SMITH.

Having finished his course of study under Colonel Parker, Armstrong Smith returned today by the Moana, and will soon resume active work in his school. He is looking well and expresses himself enthusiastically over Colonel Parker's methods.

REGULARS GO TO MANILA

SEVEN REGIMENTS TO BE SENT AT ONCE.

Are Now Being Mobilized at Omaha—Scandia will Carry the First Contingent—Regiment for Hawaii.

WASHINGTON, November 30.—The war department has decided to replace the volunteer troops who are now in the Philippines with regular soldiers. An order has been issued to mobilize the Second, Third, Fourth, Seventh, Thirteenth, Sixteenth and Twentieth infantry at Omaha, for the purpose of equipping them for service in the tropics. These regiments have all been in the Cuban campaign, and are now scattered throughout the country. They are recruited to their full strength and number nearly 9,000 men.

The volunteer regiments which sailed on the first two expeditions—First California, First Oregon, First Colorado and Thirteenth Minnesota—will be relieved as soon as the regulars reach Manila, which will be about the middle of February. The advance guard will reach here before January 1st. The steamer Scandia now on the way from Manila, will, in all probability, carry the first detachment. The regiments will be sent one at a time and placed on transports without delay.

As soon as Congress passes the bill for the enlargement of the army an additional force of 10,000 regulars will be ordered to the Philippines. Army officers estimate that it will take at least 20,000 men maintain order in our new possessions. The soldiers assigned to the islands will be relieved every three years.

The only regular regiments at present in the Philippines are the Fourteenth, Eighteenth and Twenty-third infantry, and part of the Third artillery and Fourth cavalry. It is understood that it has been determined by the war department to keep General Otis in command of the Philippines indefinitely.

It is possible one of the regiments of regulars may be sent to Honolulu instead of Manila.

GOVERNMENT SUSTAINED.

Judge Stanley has filed a decision in the case of Bow Hoy, et al., vs. Minister H. E. Cooper, injunction, dismissing plaintiff's bill and dissolving the temporary injunction issued some time ago. Plaintiff's petition for an injunction to prevent Minister Cooper, then acting minister of interior, from raising the water rates on certain lots near Nuuanu stream. The court finds that the improvements upon the property and increased demand upon the water supply warranted the raise in rates. There will be an appeal.

FOUNDRY INCORPORATES.

The business of Catton, Neil & Co. has been incorporated with a paid up capital of \$75,000. It is proposed to greatly enlarge the enterprise. All three of the large buildings on Queen near Richards street will be occupied.

HONOLULU QUEEN.

"Our Honolulu Queen" is the name of a new song received in this city by the Moana today. It was written at Topeka, Kansas, by A. A. Rowley, and refers to Miss Anna Rose. The air is catchy and is sure to take here. It is stated that the song is already having wide circulation in the middle west.

GRAND ARMY.

The annual meeting of the George W. De Long Post, G. A. R., for the election of officers, was held last evening. These were elected: L. L. La Pierre, post commander; George De la Vergne, senior vice commander; John N. Wright, junior vice commander; W. L. Eaton, quartermaster; R. Jay Green, chaplain; Samuel McKeague, post surgeon; J. D. Conn, officer of the day; E. A. Strout, officer of the guard; E. Sherman, guard.

TWO HUNDRED LOST.

BOSTON, Mass., November 30.—The great storm of Saturday that swept the North Atlantic coast has resulted in the loss of at least 200 lives and the destruction of hundreds of vessels of various sizes. This is a minimum estimate of the loss of life and the death list seems certain to be increased, for another storm is raging and promises to complete the destruction of the shipping remaining along the shore.

HOTING DIES AT BREMEN

CABLEGRAM BRINGS SAD NEWS TO FRIENDS HERE.

One of Honolulu's Oldest Business Men and Best Citizens—Death Came on December 1st.

Julius Hoting died in Bremen on the morning of December 1st. The news arrived in a short cablegram this morning. A complication of ills, following a nervous breakdown was the cause of death.

Mr. Hoting was born in Oldenburg, Germany, forty-five years ago. He came to Honolulu in December, 1875, to accept a position with the firm of P. A. Schaefer & Co. Ten years ago he was admitted as a partner in the business.

Last year his health began to fail, due to his close attention to business. After several months he decided to retire from business altogether and to return to Germany to recuperate and to educate his children, a daughter of about 16 and a son of about 12.

On July 1st last he retired from the firm of Schaefer & Co., and in August sailed for Europe. He was in poor health most of the way over, and had a bad spell shortly after reaching Germany, from which he never rallied.

Deceased was well and favorably known throughout the islands. He was a thorough, conscientious business man, and a most estimable citizen. For a number of years he was consul for Chile at this port.

AN OCEAN RACE.

SAN FRANCISCO, November 30.—The bark Martha Davis and the barkentine W. H. Dimond have been having a quiet little race all to themselves. They left here within a few days of each other for Honolulu, and while the Davis is an easy winner on the round trip, the Dimond wins the race from Honolulu here by an hour.

The barkentine Imgard, however, beat both the Davis and Dimond. She left there several days after them and still made port the first of the trio.

The arrival of the Martha Davis brought joy to the hearts of the reinsurance gamblers. On the 25th inst., in latitude 37.10 north, longitude 132 west, she spoke the overdue Scottish ship Hills. The latter vessel is now out 188 days from Hamburg for San Francisco, and 10 per cent reinsurance was paid on her yesterday morning.

TROUBLE BREWING.

Filipinos Won't Recognize the Cession of the Islands.

MADRID, December 1.—Advice received from the Philippine Islands say the insurgents there have decided not to recognize the cession of the islands to the United States and that they will resist to the last. It is also claimed that the United States will require 20,000 troops to put down the rebellion and it is alleged that the insurgents hold 10,000 Spanish prisoners, whom they will force to serve against the Americans.

THE ORPHEUM.

The Orpheum theater will open at 8 o'clock Saturday evening with James Post and his company in a first class vaudeville program. Reserved seats will be 50 cents. Next week the theater will be open every evening.

READY FOR BUSINESS.

Will E. Fisher's Office in the Heart of Town.

One of the neatest and most convenient offices in town is possessed by Will E. Fisher, the real estate agent. It is located on the corner of Fort and Merchant streets and occupies a corner of the Roth premises.

Mr. Fisher is now ready for business and his twenty-five years experience in the real estate line is at the command of the Honolulu people. He will collect rents, negotiate loans and take charge of property for absentees. Mr. Fisher has taken out an auctioneer's license also, and is prepared to accept business in that line.

The latest addition to the local real estate men, is a brother of Colonel Fisher, of Bishop & Co. He was formerly in business in San Francisco, and his firm—Fisk & Fisher—was the best known and carried more business than any other house in the same line. Mr. Fisher believes that property in this country will be eagerly sought after by the people on the mainland. He predicts a bright future for Honolulu and a steady rise of real estate values.

PEACE HATH HER VICTORIES

DRAFT OF THE FINAL TREATY IS MADE.

Thirteen Subjects are Included—Coaling Station in the Carolines—Religious Freedom Guaranteed.

PARIS, November 30.—The Peace Commission held a session today to discuss the draft of the treaty articles made yesterday. Only eight of the articles were discussed. Four points arose about which the Spaniards wished to consult Madrid and two about which the Americans wished to consult Washington.

There were thirteen articles laid before the two commissions, covering the following subjects:

First—The relinquishment of sovereignty over and claim of title to Cuba. Second—The cession of Porto Rico and other Spanish possessions in the West Indies, together with Guam, in the Ladrones.

Third—The cession of the Philippines.

Fourth—The terms of the evacuation of the Philippines.

Fifth—The pledge of the United States to preserve order in the Philippines pending the ratification of the treaty.

Sixth—The release of military prisoners mutually.

Seventh—The cession by Spain of the Island of Kuba, or Strong Island, in the Carolines.

Eighth—The mutual relinquishment of indemnity claims.

Ninth—The religious freedom of the Carolines, assuring the rights of American missionaries there.

Tenth—Cable landing rights at all points within the Spanish jurisdiction.

Eleventh—The release of Spain of political prisoners for offenses in Cuba and the Philippines.

Twelfth—The pledge of the United States to inaugurate in the Philippines an "open door" policy and to guarantee the same to Spain for at least 12 years.

Thirteenth—A revival of the treaties broken by the war.

The first three articles were mutually agreed upon today, as was also the article embodying the terms of the evacuation of the Philippines, which will be practically the same as in the evacuation of Cuba and Porto Rico.

The mutual release of military prisoners was agreed upon, Spain liberating the rebel prisoners and the United States liberating the Manila garrison and the Spaniards held by Aguinaldo. The political prisoners to be released by Spain are such as are now in exile at Ceuta, in Morocco or at the Spanish penal settlements.

Daily sessions will be held here, and it is now believed that the work will be possibly concluded this week, although so early a termination is not probable.

SERIOUS EARTHQUAKE.

LONDON, November 29.—The Vienna correspondent of the Daily Mail says:

Trieste and the district roundabout were flooded on Sunday by a tremendous tidal wave, which did much damage to property and ships and caused the loss of many lives.

There was a violent earthquake all through the southern provinces of Austria. From various causes no less than twenty-eight lives, it is reported, were lost.
